HUGE ANTI-EU CAMPAIGN LAUNCHED!

THE PEOPLE OF ENGLAND do not want the European Union. They do not want the Euro-currency. They do not want the unelected bureaucrats. They do not want the sanctioned climate of minority interests, mutual back-scratching and corruption.

That is why a mere 23% of the population bothered to vote in the recent Euro elections. That is also why the Tories, the UK Independence Party and the Greens did so well in the election — all of whom played the 'Euro sceptic card' to one degree or another.

RECLAIM THE NATION

THE PEOPLE OF ENGLAND do not want the European Union. They do not want the Euro-currency. They do not want the unelected bureaucrats. They do not want the sanctioned climate of minority interests, mutual back-scratching and corruption.

That is why a mere 23% of the population bothered to vote in the recent Euro elections. That is also why the Tories, the UK Independence Party and the Greens did so well in the election — all of whom played the 'Euro sceptic card' to one degree or another.

RESOLUTELY OPPOSED

The **Third Position** has always been resolutely opposed to the EU. We do not believe that there can be *any* justification for giving up national sovereignty to a clique of bankers, bureaucrats and party hacks.

NEVER BEEN BETTER

With the current climate of anti-EU feeling, there has never been a better time to push the anti-EU message.

People who are against the EU are in favour of the Nation, and are clearly against the corruption and tyranny of Brussels. Consequently, they are ideal candidates for winning over to the **Third Position**, the *only* movement with a coherent, wide-ranging and radical alternative to the EU and to Westminster!

The design on this page will be going out on 100,000 stickers and many thousands of posters.

Make sure you do your bit to get the message over! Help establish us as the most powerful and consistent anti-EU group in the country, and bring more people into contact with English Nationalism!

Let's do it again!

Every member, activist, supporter and sympathiser has his part to play in this campaign!

THE NATURE OF PARLIAMENT

THE LOWEST turn-out ever for a nationwide election shows that the people of England are, at last, beginning to realise that the power wielded in contemporary Parliaments is not really wielded by politicians.

This is why people, such as Leon Brittan and Neil Kinnock, both unelected EU commissioners have serious power. This is why Alistair Campbell, Blair's right hand man, was used as a spin doctor for NATO. This is why Michael Portillo is being touted as a new NATO boss. This is why Paddy Ashdown, the retiring Lib Dem boss, is being touted as the UN man for overseeing its new protectorate: Kosovo.

This is why people like the pro-Euro Tory, Kenneth Clarke, and homosexual Zionist, Peter Mandelson, sat side by side with people like Henry Kissinger, Conrad Black of the Telegraph Group, Stanley Fischer of the International Monetary Fund, Robert Shapiro of (GM Food giant) Monsanto, Martin Wolf of the Financial Times, David Rockefeller of Chase Manhatton Bank and other scions of the banking and industrial powers that be, like Goldman, Sachs & Co. and the Federal Reserve Bank of New York, were all present at the June meeting of the Bilderberg group.

The Bilderbergers are leading politicians, Big Businessmen and financiers who make the decisions, behind closed doors, that really change the world.

That is why the party political charade is being cold shoulderered by so many people. They know that one political party is the

MULTI-RACIALISM IN AMERICA: YET AGAIN - WHITES ARE THE VICTIMS!

IN RECENT ISSUES of *The Voice of St. George*, we have written about the fact that the great majority of victims of racist violence are White, and that the great majority of the perpetrators of this violence are Black. That is not a 'racist' statement, but a fact that has come from official sources.

We now hear that we are not alone in suffering this inverse racism, and that 'our' media is not alone in suppressing this known, vital truth. It seems that the nation which has glorified the sick ideal of the "Great Melting Pot", America, is, indeed, melting, but only into racial violence on a growing scale. Billions upon billions of dollars, extensive legislation, media propaganda and decades of politically correct con-men have changed nothing. The truth is, as the author G.K. Chesterton made clear almost a century ago, that when you bring diverse races together forcibly, you almost inevitably provoke conflict *not* consensus.

Charles Reese, writing in the Florida Sentinel, tells us that: *"If there is a race war going on, as some black intellectuals have contended, it is being waged by blacks against whites"*. Let's forget the fact that if this journalist was able to get this printed in a newspaper in England, he would probably be prosecuted under the Race Relations Act! Let's look at the figures that he has sifted out from the current annual U.S. Justice Department Report.

- Blacks, who were just 12.6% of the population in 1995, commit 36% of all serious crime.
- Whilst 100 rapes were carried out by whites on blacks, blacks carried out 20,202 rapes on whites.
- Against the 7,031 robberies which involved a white perpetrator and a black victim, we have to balance the 167,924 robberies where the roles were reversed.

When the matter of this correlation between Race and Violence was put to Morgan Reynolds, Director of the *Criminal Justice Centre* in Dallas, he commented: *"It's no news to anybody who has pursued the differences in race and crime, but it is politically incorrect. It is an issue that most white scholars ignore, because you can only get in trouble"*.

So there we have it. The truth is known by the State and the Media. It is known by the man in the street, because he is the direct victim of such racism. Yet no-one speaks about it because of fear of what the Powers-That-Be will do.

Our purpose in producing these figures is not

People like Blair and Hague can treat pensioners like dirt. They can keep people on waiting lists. They can push ID cards on the populace. They can do all manner of things to erode the freedoms of the English people: after all, what do we count for?

But let a single one of them upset the bankers, the newspaper publishers or any of the elite and look out!

Newspaper editorials will cut them down to size. Scandals will be uncovered. Statements will be taken out of context and reputations destroyed. This is the reality of Parliamentary politics.

That is why none of these traitors will ever lift a finger to save England. That is why the whole corrupt edifice must go!

◎ The government claims that Big Brother ID cards will reduce fraud in the benefits system. How long before the citizens of Soviet Britain are forced to carry them?

◎ Rock band Van Halen have issued a statement attacking the pro-abortion views of bands like R.E.M. and Pearl Jam. With Geri "Ginger Spice" Halliwell promoting abortion (via the Marie Stopes Trust) in her United Nations job, Van Halen have taken a courageous step.

◎ The Ministry of Defence has been slammed for wasting £40 million of our tax money on a computer that, when it was delivered, was so out of date it was useless. Approved in 1988, due for delivery by 1991, actually delivered in 1993, the 'Trawlerman intelligence computer' was not ready for use until 1995.

◎ A poll by Woolworth's Kids First Charity has shown that 55% of seven to 14-year-olds want to emigrate when they grow up.

That's the disturbing reality of Soviet Britain.

VOTERS HAVE seen through the party political charade. At the recent Euro elections only 23% bothered to vote. At the Leeds central by-election only 19% bothered to cast a vote. This was the worst voter turn-out since WW2.

The town hall officials who run elections have pleaded for the government to take action to stop the slump.

'Modernisation' seems to be the key word to the bureaucrats. Those who read our exposé of computerised voting last issue can only be concerned at this.

The only way to eliminate the crisis of confidence in the Party System, with its lies, corruption, and anti-English outlook, is to remove the Party System itself.

A LIFE-LONG Labour supporter and father of two, Ian Weir, 38, died on a waiting list for a heart operation after writing to Tony Blair in frustration at waiting so long for his operation.

Dare we mention the billions in taxes paid to the Bank of England for the national debt? This seems to be something no politician has the guts to question, even though people like Mr. Weir die every day.

THE T.U.C. have warned that the actual number of unemployed people in Soviet Britain are much higher than official figures would have us believe!

Meanwhile, government spin doctors have gone into overdrive about "19-year low" figures — and if you believe that, you'll believe anything!

TWO 12-YEAR old girls were the victims of an Asian gang who abducted them and subjected them to an horrific three hour ordeal. This happened in the Westwood area of Oldham.

LONDON'S MET Police recently released a rap video. The video, which cost taxpayers £160,000, will be shown in schools and universities to try to recruit more ethnic recruits to our politicised police.

IN THE recent English council elections three councillors were elected to Birmingham council from the Justice for Kashmiri Community Campaign (JFKCC). "This is just the start," said Councillor Mohammed Nazam. "We are getting better organised and will put up many more candidates in the next elections." He claims the JFKCC could be the official opposition on Birmingham Council within five years.

It is claimed that Kashmiris make up 1% of the English population, a sobering thought when one considers the many other ethnic minorities.

The only way to claim back our land is for Englishmen to join the Third Position and help establish an English England.

THE ANTI-RACIST MAFIA: LIKE PIGS ————— AT THE TROUGH! —————

THE SMALL army of parasites that goes to make up the Anti-Racist Mafia in this country, and whose whole purpose in life is to persecute the English majority who loathe the multi-racial nightmare created by traitors in Parliament, have never been backward in coming forwards.

MARXIST CRIMINAL WITH BOMBER LINKS ADVISES SCOTLAND YARD TASK FORCE!

WITH THE publication of the Macpherson Report, and the extraordinary news of allegedly 'racist' bombs exploding on the streets of London, a number of elements within the Anti-Racist Mafia clearly thought they had made the Big Time!

Criminal low-lives and personal inadequates, like Gerry Gable and Ray Hill from **Searchlight** magazine, rushed forward into the open arms of a lying mass media to give their "expert" (sic) opinions on who they believed was behind the bombs, and why the "*Far Right is now more dangerous than ever before*". Of course, no allusion was made to the fact that such pathetic "experts" were coining it in as a result of many people's misery, nor was allusion made to the fact that these State-connected prostitutes are working hand in glove with the Establishment to bring in evermore harsh laws to deal with an alleged 'racist' threat.

But why spoil a good story with discomforting facts and unpleasant truths?

Not surprisingly, the Anti-Racist Mafia demanded that, in the light of events in London, all of the recommendations of the highly flawed and contentious Macpherson Report be implemented *immediately*. Even the absurd proposal that if an immigrant *thought* that he had been the victim of a 'racial attack' it should be treated as such was not excluded. The fact is, however, that in this country - our country - White people are the main victims of racial attacks. The Anti-Racist Mafia knows this. They hate

A good example of this dangerous tendency is the appointment of Gerry Gable, publisher of **Searchlight** magazine, to the Advisory Panel of Scotland Yard's **Anti-Racist Task Force**. The fact is, however, that in this country - our country - White people are the main victims of racial attacks. The Anti-Racist Mafia knows this. They hate the truth, so they try to suppress it through silence and unending flim flam about English 'racism'. Naturally, therefore, they saw the Macpherson Report as a godsend which would hugely multiply "racist incidents", and would justify their salaries and sinecures.

As a result, the police were pressured into cutting down drastically on the number of Black people who were being stopped on suspicion of crime. In just three months, this politically motivated manipulation of the police led to a rise of 20% in muggings. This is not speculation, this is fact; but it should not be a surprising fact since even Paul Condon, Metropolitan Police Commissioner and arch-liberal, admitted that 85% of muggers were Black and most of their victims White.

Gable has also been associated with two of the people who were involved in the horrific Harrods Bombing.

Gable is not alone in his criminal deeds, however, when it comes to his **Searchlight** associates. Others have done time; some have been in violent Marxist groups; and yet others have tried to stir up violence in so-called 'racist' groups - the very thing that Gable and clan claim to oppose!

Quite how the publisher of a magazine, which was described as "*scurrilous and disreputable*" by Stipendiary magistrate, John Milward, could be invited to join a Police Advisory Panel beg-

No doubt, Ford will claim that he was "under stress" at the time; that being a full-time anti-racist is a difficult and arduous life, but one spent in the interests of the public. If he does so, we will probably tend to agree. After all, anti-racism is big business: conferences, reports, community committees, chat shows, personal appearances, quangos, newspaper articles, Parliamentary debates. With all that money floating around, generously 'donated' by the English taxpayer, it must be 'stressful' trying to grab as much of it as you can before some *other* parasite gets his hands on the loot!

country - White people are the main victims of racial attacks. The Anti-Racist Mafia knows this. They hate the truth, so they try to suppress it through silence and unending flim flam about English 'racism'. Naturally, therefore, they saw the Macpherson Report as a godsend which would hugely multiply "racist incidents", and would justify their salaries and sinecures.

As a result, the police were pressured into cutting down drastically on the number of Black people who were being stopped on suspicion of crime. In just three months, this politically motivated manipulation of the police led to a rise of 20% in muggings. This is not speculation, this is fact; but it should not be a surprising fact since even Paul Condon, Metropolitan Police Commissioner and arch-liberal, admitted that 85% of muggers were Black and most of their victims White.

To those who might be tempted to think that this treatment is somewhat unfair to Blacks, it ought to be remembered that it is perfectly reasonable to stop those peoples who are seen as prime candidates for specific types of crime. After all, if you were looking for Italian Mafiosi or Irish bombers, you wouldn't be surprised if the police stopped a disproportionate number of Italians or Irish would you?

Of course, the fact that the Anti-Racist Mafia does all that it can to perpetuate itself is hardly unusual. What is worrying, however, is the tendency by the police to incorporate these highly partisan parasites into *official* structures aimed at implementing the law. Such appointments allow these people to attack their political enemies, and to push forward their own twisted agenda to destroy England, and all under the cover of "*helping the police with their enquiries*". Not only do such people not help solve the racial problems

THE "NAZI KILLERS"

PART ONE: THE TRUTH BEHIND

IT IS PROBABLY the case that the wave of shock and revulsion which greeted the news of the appalling Columbine High School massacre at Littleton, Colorado, USA on April 20th 1999 has already largely dissipated.

It is certainly the case that in a world which appears to be becoming just an unending succession of wars, famines, assassinations and atrocities, events like Columbine tend to be forgotten within days simply because other horrors force themselves onto our newspaper front pages.

"NEO-NAZIS"

In so far as people are likely to remember anything about Columbine, it is highly probable that they will remember it as the work of "Neo-Nazis" who, inflamed by racial hatred, went on a killing spree. The problem, however, is not merely that such a 'memory' is distorted; it is that it is wholly untrue in every respect, and yet the mass media have done nothing to dislodge this false memory, nor to explain the real reasons for this horrible massacre.

At the Columbine High School, there were two gangs: the Jocks and the Trench Coat Mafia, the former being the dominant and bullying force, the other being the 'underdogs'. Tension builds over time, and the Trench Coat Mafia decides to settle scores in Wild West fashion. The outcome is 14 dead youngsters, and both of the

What was the response of journalists like Ted Koppel, Michael Levin and Dan Rather, who had been hammering into the minds of millions for days on end that the Trench Coat Mafia was "a Neo-Nazi group"? *Silence.*

Thereafter, the letters, diaries and website of these boys are closely scruti-

exposed by *Final Conflict* magazine in their revealing booklet, *Satanism and its Allies: The Nationalist Movement Under Attack*.

If these discrepancies were not enough to lay the myth of "a Neo-Nazi massacre" to rest, it transpired that the two killers were alleged homosexuals! Matt Drudge, a well-known American right wing writer, reproduced a piece from the website of a "gay biker" which, praising Klebold and Harris, said in part that they were "*a bunch of our fellow homosexuals who decided that they had taken enough*". Were they homo-

levels of Luvox in Harris' blood in a therapeutic range".

To the average citizen, this means nothing and neither the *Washington Post* in its article, *Shooter Used Often-Prescribed Drug*, nor CNN in its report entitled, *Columbine Shooter Was Prescribed Anti-depressant*, did anything to enlighten him on the matter. They both concluded that there was no connection between this drug and the massacre.

DEPRESSION

Yet we find that in the *American Journal of Psychiatry* (September 1991), this conclusion: "*Our observations confirm the efficacy of fluvoxamine [Luvox] in the treatment of depression, but suggest that this drug can induce mania in some patients when it is given at normal doses*".

It just so happens that one symptom of mania is "aggressive behaviour", and Dr. Jodi Worrel of the *Western Missouri Mental Health Centre* tells us about drugs like Luvox that "*child and adolescent data suggest worsening of aggression*" if used. This is further confirmed by research carried out at the Hadassah-Hebrew University School of Medicine in Jerusalem and published in 1993 under the title, *Annals of Pharmacology: Fluvoxamine-associated Manic Behaviour*.

The outcome is 14 dead youngsters, and both of the killers shot dead by an assortment of snipers from the BATF, SWAT, FBI and police.

Within hours, the world hears that "Neo-Nazis" have been responsible for the massacre. The evidence? The two killers both spoke German; the massacre took place on April 20th, Hitler's birthday; their targets were minorities. It looks conclusive, and yet within days, the whole story begins to unravel as investigators start discovering discomforting facts that do not fit the picture.

Of course, that does not prevent the liberal lobby from going into overdrive.

VIOLENCE

President Clinton appears on television, suitably wet-eyed, and says that violence settles nothing; that violence in Hollywood films and explicit video games are responsible for the tragedy — this from a man who, at the same time, was bombing helpless civilians throughout Yugoslavia.

COPYCAT MASSACRES

Now this drug connection is interesting for the simple reason that one of the two copycat massacres that followed Columbine — in Oregon and in Arkansas — also had a drugs connection for sure. The Oregon shooter, Kip Kinkel, whose racial antecedents are also dubious, had been on Luvox before being passed onto the more powerful drug, Prozac. The Arkansas shooter, Andrew Golden (Jewish?), was probably on the same drug too. How can we say this? For the good reason that a *huge* number of children in America are on this dangerous drug daily, with the agreement of all kinds of figures in the Establishment. And it is no coincidence that as the number of children in America, who are taking these drugs, has increased, so has the violence in American schools. In Utah, for example, Dr. Ann Blake Tracy, of the *International Coalition for Drug Awareness*, has pointed out that the use of Ritalin and Prozac are used at the rate of three times more than the national average per capita. The rate of murders and suicides has also increased by

ASIAN AND MEXICAN

What about racism? It transpires that Eric Harris, the second killer, had two best friends beyond Klebold. One is Asian and one is Mexican. It also happens that of the 14 "victims of racism" only *one* was a Black, and he was shot because he was a Jock.

It is surely obvious that these have got to be the strangest "Neo-Nazis" ever to have walked the face of the earth. They kill mainly white youngsters; their friends are ethnic minority members; and at least one of them is Jewish!

GERMAN?

What about the fact that they had learned to speak German? Both were followers of a German 'Gothic' acid-rock group called **KMFDM**, which means "German Metal Death Metal".

The anti-gun lobby announce that this is just one more reason to make sure that guns are banned. The concern over the dead youngsters is more apparent than real, for the anti-gun lobby is anxious to disarm an American population which is becoming extremely worried by a government repression.

The first major blow to the demands of the liberal lobby comes when it is made public that one of the killers, Dylan Klebold, was Jewish! In a report dated April 26th, and written by Sharon Cohen of the Associated Press, it was revealed that Mrs. Klebold was Jewish. It was also revealed that her grandfather, Leo, had been a rich philanthropist in Columbus, Ohio, where his memory lives on. We were further told that Mr. Klebold was a well-known liberal and, irony of ironies, a strong advocate of gun control!

GERMAN?

What about the fact that they had learned to speak German? Both were followers of a German 'Gothic' acid-rock group called **KMFDM**, which are the German initials for "*No Majority For Pity*". Klebold and Harris wore the 'uniform' of this group regularly and sought to enter the 'world' of KMFDM more profoundly by learning the original language of the lyrics. Interestingly, prior to the massacre, KMFDM announced that they were splitting up and that their last album would be released on April 20th.

SATANIC

Were KMFDM a 'Nazi' group? No, simply a part of that cult music world which is heavily tainted by the occult and the satanic. It is also an interesting, if little mentioned, fact that Denver, Colorado is the home to two leading 'musicians' who are big in this field, and who were recently

sexual? It is difficult to know since convincing proof is hard to come by. The fact that they wore nail polish could be explained by the fact that this is common in 'Gothic' circles; the fact that they were regarded as "faggots" throughout the school could be simply schoolyard gossip and abuse.

LUVOX

A real breakthrough comes when ABC's Colorado affiliate reports on May 4th: *"The coroner has released further toxicology reports on Eric Harris, one of the two dead suspects. Specialized testing shows*

COPYCAT MASSACRES

Ritalin is used extensively on children in schools, despite the fact that a 1995 **Drug Enforcement Agency** report pointed out that "*Ritalin shares many of the pharmacological effects of cocaine*", and whose side effects are similar to heroin.

BIG BUSINESS

But if the mass media know all this — and they do! — why is no mention made of the importance of these facts? For the good reason that the drugs business is a **huge business**. Herbert Okun, a member of the **International Drug Control Board for the United Nations**, in a recent press conference, pointed out that there were 330,000,000 doses **DAILY** in America of

THAT NEVER WERE THE COLUMBINE MURDERS

Ritalin *alone*, whilst the rest of the world accounted only for 65,000,000 daily doses. That drug alone — and there are scores more! — means that we are talking of an industry worth *billions upon billions of pounds annually*.

STRANGE SILENCE

We are thus confronted by the spectacle that whilst sales of Trench Coats have been banned in Colorado, and whilst demands for gun control grow ever louder, there is absolute silence on this matter. This, in itself, would be suspicious but there is yet more.

The fact is that what happened at Columbine is still *a matter of dispute*. Whilst the official media line is that there were two people involved in the killing, many students have spoken of at least *five killers!* Some students say that they saw Klebold and Harris together, yet shooting and bombing *inside* the building was taking place elsewhere. Who was doing *that* shooting?

was one of the students involved in the making of a video film at the school in 1997, which showed trench-coated students, fully armed, walking through the school. The film ends with four students walking away from the school as it explodes in flames. To see this as pure coincidence would really be stretching the imagination for a normal person.

CONFLICT OF INTEREST

Of course, it has been said that there was no connection between the makers of the film and Klebold and Harris, but researchers have found that there is a common link — an individual named Brooks Brown. Brown turns out to have been a good friend of Klebold, and both of these were connected to Fuselier's son. The conflict of interest here is very clear, yet the FBI see no conflict at all! What does it all mean?

Difficult to say, but research is continuing on the theme that the American security services were trying out mind control techniques that involved "programming" individuals with different personalities in altered states of consciousness. It sounds way out, but then who really knows what is going on at the heart of the masonic State? It is worth bearing in mind that

FINGERS POINTED

"In the days that followed the Columbine tragedy, I was amazed at how quickly fingers began to be pointed at groups such as the National Rifle Association (NRA). I am not a member of the NRA. I am not a hunter. I do not even own a gun. I am not here to represent or defend the NRA, because I do not believe that they are

responsible for my daughter's death.

Columbine was not just a tragedy - it was a spiritual event that should be forcing us to look at where the real blame lies! Much of that blame lies here in this room. Much of that blame lies behind the pointing fingers of the accusers themselves. And when something as terrible as Columbine's tragedy occurs, politicians immediately look for a scapegoat such as the NRA. They immediately seek to pass more restrictive laws that continue to erode away our personal and private liberties. Political posturing and restrictive legislation are not the answers".

Judge Arbour said that an independent review by a judge of this Tribunal had confirmed that there is a credible basis to believe that the accused Serbian leaders are criminally responsible for the deportation of 740,000 Kosovo Albanians from Kosovo, and for the murder of over 340 identified Kosovo Albanians. GMTV HOMOSEXUAL BOSS SLEPT WITH RAPIST

A MAN dubbed "Britain's worst mass rapist" had a homosexual affair with top **Good Morning Television (GMTV)** executive, Michael Metcalf. Metcalf, who is married, clearly belongs to the Ron Davies band of perverts who seem to think that "anything goes".

Metcalf even let the mass rapist, Richard Baker, who is now serving *four* life sentences, stay at his London home. It was while staying there that Baker launched his reign of terror on innocent women victims. Metcalf went so far as to get Baker a job as a runner for him when he was programme director of **Channel 4**'s live coverage of the Chelsea Flower Show!

Is it any wonder that the media is sinking to such depths when someone of the calibre of Metcalf has such high profile jobs with *both BBC2 and Channel 4*?

And is it purely coincidental that both **Channel 4** and **BBC2** have seen fit to launch pro-homosexual TV programmes such as '*Gaytime TV*' and '*Queer as*

The five-minute marriage ceremony conducted by Barbara Smoker, a humanist, was recorded at the studios of the production firm **Planet 24**, who make programmes such as '*The Big Breakfast*' for **Channel 4**.

GET IN TOUCH

THE THIRD POSITION is an English Nationalist organisation which contains people from all walks of life, who are concerned about the destruction of their land and the future for their children — in other words people just like you.

It is all too easy to think that nothing can be done and that one more person won't make a difference, but it can and it does! Our enemies promote disgusting and ridiculous theories and practices, which (from usury to homosexuality) go against the Laws of Nature.

They get away with it because they are prepared to fight for those things. *Now it is time for us to fight back*. To fight for what is right. To fight for Faith, Family and Nation!

3. OPPOSITION TO MATERIALISM. Capitalism, Socialism, Anarchism, Freemasonry, Modernism and Liberalism are *all* expressions of Materialism. *None* will be tolerated in a National Revolutionary State.

OUT AND ABOUT**MANCHESTER REFUGEES**

Manchester TP activists were out in force as soon as it was announced that refugees from Kosovo would be housed in the Blackley area of the city. Local TP material was distributed in the area explaining why these people should not be here, but in Albania which is their land of racial origin.

WEST COUNTRY ACTION!

TP Militants have been busy across the West Country of late. An activist base has been established in the Gloucester area, which nicely complements the bases that exist in Bristol and Somerset.

As well as putting out large quantities of TP propaganda, the West Country militants have also been targeting specific events - such as the recent 'nationalist' English Rose Scooter Rally where they were able to pass out a lot of TP material.

THE BIG ISSUE

Yet again, this magazine has shown its pro-homosexual tendencies. Its Northern England edition attacked an independent political candidate who "dared" to denounce homosexuality. The **Third Position** was mentioned in the report, and they kindly reproduced the anti-homosexual sticker put out by East Yorkshire TP activists earlier in the year.

TP activists took the opportunity to leaflet the area where the patriotic, independent candidate was standing. Perhaps this is why a car was spotted driving around the same town with a TP St. George sticker in its rear window!

The Big Issue was co-founded by Anita Roddick, the **Body Shop** boss, so we shouldn't be shocked at its liberal, homosexual and multi-racial agenda. Even more reason to get stocks of the TP Family Campaign's anti-**Body Shop**

CENTRAL LONDON: CONCERT AND ACTIVITIES HELP RECLAIM THE STREETS! **COBBLERS TO BRUSSELS!**

WHILST COMMUNISTS, Zionists and immigrants have declared Central London a 'no go' area for patriot Englishmen, the **Third Position** are the only Nationalists to have stuck two fingers up and said "this country is ours — every inch of it — and we're taking it back!"

PATRIOTIC BALLADS

ON SATURDAY, May 8th, the **Third Position** held a social/concert in the very heart of London, and Nationalist anthems were heard once again, despite the efforts of the enemies of English Nationalism.

A 'Patriotic Ballads' evening saw circa 100 Nationalists gather to hear the Italian folk artist Dario Bressan and English Nationalist artist 'Stigger'.

Unfortunately, thanks to the gloomy atmosphere surrounding the London bombing campaign, and the police signing up criminal "anti-racists" as advisors, the turn out was smaller than expected with coach parties from various regions cancelling; but 100 supporters in Central London is a poke in the eye for our enemies whatever way you look at it!

Most of those gathered were from the London region, though it was good to see some Comrades from overseas there too.

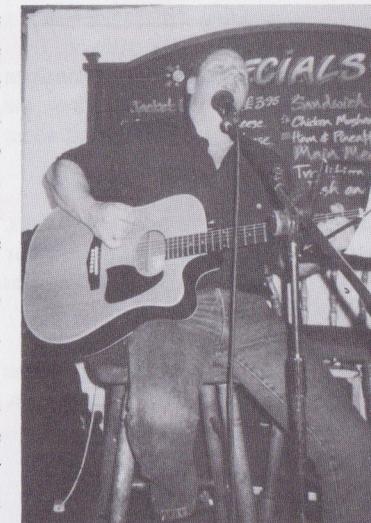

DARIO BRESSAN

Dario Bressan started the music and warmed up the crowd with some Italian Nationalist

Then it was Stigger's turn to please the crowd. With his usual mix of witty banter and Nationalist tunes, the crowd were carried along from one song to the next. Everyone seemed to join in with numbers like 'Beautiful England', 'Tell England I Love Her', 'England, My England' and 'Old Albion'.

He finished off with the Skrewdriver classic, 'Night Trains', although everyone would have been happy for the concert to carry on right through the night!

The concert was a runaway success, combining a great atmosphere

Stigger, Live in Central London:
"Beautiful countryside, rivers and trees

Pull them all up now to house refugees...

Who wants these people in our land?

Beautiful England once proud and free,

Hamlet and village how it used to be..."

SUNDAY, MAY 9th, saw an anti-EU rally in Central London.

Third Position activists were in the thick of it, distributing *The Voice of St. George* #14, with its anti-EU front page. Whilst some groups were there handing out pathetically irrelevant 'Save Our Pound' leaflets (were they paid by the Bank of England?) the

Third Position were, of course, the only group handing out radical Nationalist material that attacked both Brussels and Westminster, since both are dominated by banking interests, and both are beyond redemption.

bate with them following their refusal to buy a copy of *The Voice of St. George* because of its "racism". He claimed that immigrants were OK because most were "born in this country".

Our activist pointed out that no-one calls Cliff Richard "Indian", despite the fact that he was born in India! He also pointed out that he had personally given a copy of the paper to every single Black and Asian person on the demonstration.

"But there aren't any!" exclaimed the UKIP activist. "Exactly!" replied our activist, thereby exposing the crass stupidity of the UKIP member.

The **Third Position** presence was greatly enhanced by the presence of activists from Wales, Germany and Russia who turned out to help their English comrades.

Since this rally UKIP went on to gain three seats in the European parliament. Whilst this is an outward sign of a widely held anti-EU feeling amongst the English people, UKIP remain a liberal, single issue organisation. We must continue to build a radical alternative which encompasses sane economics, family values and racial identity. That is why the new TP anti-EU campaign is so important.

DON'T VOTE!

Activists were out telling people to stay at home on June the 10th. Activists in many regions put out the **TP** 'Party Time is Over' sticker. Yorkshire activists put out a large sticker which read: "**REJECT THE EURO-CON. If you vote on June 10th you are giving your consent to the destruction of England's independence. DON'T VOTE - ABSTAIN!**"

St. GEORGE INTERVIEWS Italian Nationalist, Massimo Morsello

A regular feature that highlights those with anti-System values and views.

MASSIMO MORSELLO is an Italian Nationalist who has lived in England since the early 1980s. Exiled, with many other radical Italian Nationalists, he has been the subject of many media smears. *The Voice of St. George* asked him about this and much else besides.

1. Perhaps we can begin with a brief history of your early days in the political struggle in Italy? What led to your involvement in the FUAN (the University wing of the MSI)?

The late 70s were very fertile in Italy. Young people felt that the "dissolution philosophy" perpetuated in the very late 60s was changing their way of life. Family values and patriotism were disappearing and I think that young people instinctively felt that they had to take part in the political struggle in order to preserve those things vital for a people and a country to survive.

What happened in the 80's and indeed in the 90's proved this right.

I, like many hundreds, felt this appeal and I found in the extreme part of the MSI older militants who I thought represented my strongest beliefs.

FUAN was a rebel part of the MSI that in the late 70's was so strong that it managed to reject the direction of the party and formulated its own political agenda. The party, not only could not stop us, but was so weak that it continued to pay the rent for our headquarters and never dared to criticise us publicly, despite our continuous public criticism towards them.

2. The repression against the Italian Third Position in 1980 is well known. The media here often refer to the terrible explosion at Bologna train station. Can you tell us a little about that period and why so many young Nationalists — including

proved you had nothing to do with this outrage?

The media are totally in the hands of the 'powers-that-be', no matter the circumstances. On many occasions, in the past in Italy, Nationalism's course has been vindicated by facts like those surrounding the Piazza Fontana bombing, but it is common practice in Italy never to justify reasons that prove nationalism or nationalists right and none, including the constitutional right wing, seems to mind about it.

4. On coming to England in the early 1980s, things can't have looked very promising for a young Italian in exile. Did you ever dream of returning to Italy as a free man?

I always dreamed about it happening at one stage. I have also doubted it would ever happen. God, as usual, has been generous to me

'Di Non Ritorno' (The Point of No Return) and 'La Direzione Del Vento' (The Direction of the Wind) and what was the response to them?

In Italy the response was unprecedented in the nationalist alternative music market which, at most, used to absorb 2 - 3 thousand copies of a title. *Punto Di Non Ritorno* sold about 10,000 copies and *La Direzione Del Vento*, after just one year, 13,000 copies. This was probably due to my being in enforced exile and the continuous attack from the "Italian" press.

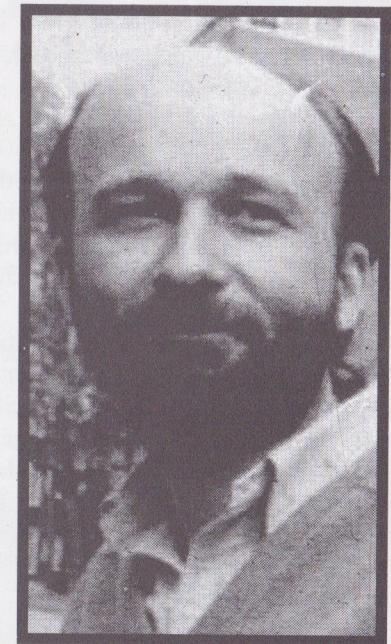

7. You have played a number of concerts in England for a mixed Italian and English audience. How successful were these?

They were as successful as they could ever be. To me, it was a good experience as I was losing the practice and enjoyment of performing publicly.

8. Most readers will have heard of Fini's *Alleanza Nazionale* in Italy as "the biggest Nationalist organisation". Indeed, some people here (not Third Positionists!) look to them as a fine example of where Nationalism must travel. What can you tell us about the AN?

I think it would be simpler for us to ignore AN as they are *not* concurrent with nationalism. They have expressively said what they believe in and what they are taking distance from. Most of their militants are dropping away from them as they see in us what they really want!

9. Over the last few years a genuinely Third Positionist movement has grown in Italy under the name *Forza Nuova*. Can you tell us some of the things *FN*

In short, *Forza Nuova* is a large Third Positionist organisation with roots in many communities and which is organising in defence of the Italian people, unlike the party politicians who only care for their votes!

2. The repression against the Italian Third Position in 1980 is well known. The media here often refer to the terrible explosion at Bologna train station. Can you tell us a little about that period and why so many young Nationalists — including yourself — were forced to flee Italy?

I think this is a consequence of the scenario I have described above. Both us and TP were really an alternative, a clean one and definitely outside any State control.

Often State power, to be really consolidated, creates its own "*opposition*" and then controls it according to their need. These nationalist movements, for the first time, were acting, thinking and elaborating their own ideas, beyond any control. The System, with the full collaboration of the MSI, managed to break up this growing force with the use of torture, prison and persecution.

3. We understand the policemen responsible for the Bologna bomb, which was blamed on Revolutionary Nationalists, are now in jail. Can you explain why the media continues to refer to this bomb when speaking of Italian Third Positionists, especially people like yourself and Roberto Fiore, when it has been

constitutional right wing, seems to mind about it.

4. On coming to England in the early 1980s, things can't have looked very promising for a young Italian in exile. Did you ever dream of returning to Italy as a free man?

Forza Nuova. They work on political, community, educational and economic fronts to save the Italian nation and the Italian people.

5. Since you have lived in England for so many years, do you feel an affinity to England and the English Nationalist fight?

Ironically I do. I say ironically, because when I first came here, I noticed such a distance between our radical background with what the National Front was in the early 80's. However, as the attacks against nationalism became more and more a European issue, so our resistance brought us closer and closer. Also I must add that English nationalists sensibly improved the standard of their values and leadership.

9. Over the last few years a genuinely Third Positionist movement has grown in Italy under the name Forza Nuova. Can you tell us some of the things FN has achieved?

Forza Nuova has achieved much in its relatively short history. It recently staged two large meetings about abortion and Freemasonry which brought in speakers from many countries.

It has played a fundamental role in bringing about a national referendum on immigration and is hopeful of bringing a referendum on abortion about.

These, with our 'university' programme which educates members on matters as diverse as world history and socio-economics, means we have an activist base which is not only very militant, but also well-educated and cohesive.

Through 'Compra Italiano' we have managed to help our farmers by buying produce from them at decent prices. This produce is then sold onto militants and other Nationalists overseas, such as the Third Position in England.

We have an excellent opportunity. People are tired of politics made on TV. Thank God men are created with the right Order and they eventually will know which path to chose.

12. What final words do you have for the Zionist/Marxist enemies here who have attacked you for so long?

They always tried to damage us, our life our family and our future. I thank God for having protected us from their enormous power and evil. I am 40 and I have been a nationalist all my life. I could not comprehend a life not dedicated to my country to my people and to the natural order. They, like any other adversity, cannot change that: I would therefore say to them: "Do not waste your time!"
